

Thanks to CABA for partnering with the 2016 Axe Bat Amplify Program! Baden Sports is offering any CABA affiliated coach or player an opportunity to purchase the Axe bat at a special discounted price.

Some of the best hitters and instructors in baseball believe youth and senior youth baseball players are perfect candidates to experience the benefits of swinging the AXE bat. The AXE bats are the first non-round knob bat ever approved for MLB and NCAA game play. Major League Baseball player Dustin Pedroia (Boston Red Sox) switched to the Axe in 2015 and Giancarlo Stanton (Miami Marlins) has purchased Axe bats to swing in 2016 as well. The AXE bats are also being swung at over 50 colleges throughout the United States. The bottom line, the concept of the Axe handle helps hitters become better! If you are like many baseball coaches and players who currently swing the Axe, you understand the benefits of swinging the Axe bat. If you haven't had the chance, join the Axe advantage.

CABA has been assigned a promo code that you the consumer can use to purchase the Axe bat. The player, coach or parent can go to www.axebat.com to order their bat and receives a 15% discount using exclusive CABA code # CABA15. Once the order is placed, Baden will ship the bat directly to the player within 24 hours. You can also go to www.axebat.com for more Axe information and scientific proof of the benefits of swinging the AXE bat.
