Program Of The Year SOUTHWEST OHIO LEAGUE

LARRY REDWINE - PRESIDENT
 JERRY SALYERS VICE - PRESIDENT
 MIKE MAUNDRELL - VICE PRESIDENT LEGAL
 MIKE MONTGOMERY -TREASURER

*"Our congratulations to The Southwest Ohio League on this Major Award,"
 The C.A.B.A. Executive Board.*

It was in the early fall of 1984 that the managers of six 16 year old teams met to lay plans for the first season for what was to become the Southwest Ohio League. Larry Redwine, then Head Baseball Coach at Xavier University and newly named Head Coach of the Cincinnati Midland Cardinals brought the group together to develop a better organized, more honest and more competitive league than was then available for quality teams in the Greater Cincinnati area. Little did he know that before the start of the first season in the summer of 1985, there would be teams in the 12 and 14 year old age levels that would want to break the bonds of the competitively restrictive local community oriented Knothole program, or that teams in the 17-18 age level would seek broader national opportunities and a more honest environment for their teams. Thus, by the time the league met in the winter of 1985 for its initial formal organizational meeting, the Southwest Ohio League consisted of 50 teams in 4 age levels.

In those early years the league was a competitive juggernaut, sending state and regional championship teams to World Series under the auspices of CABA, AABC, PONY and NABF, bringing home national championships every year-and often multiple crowns. In CABA's initial year CABA VP for Membership Development Jerry Salyers coached the eventual 15 Year Old National Champions. Indeed in 1988, three of the top four teams in the 15-16 age level went on to win the AABC, Mickey Mantle (Midland Cardinals, coached by Larry Redwine, Mike Montgomery, Bill Grimes and Mark Hopkins) The CABA 16 Year Old Championship (Cincinnati Nuckols) and the CABA 15 year old word series (Cincinnati Morgenroth) In subsequent years, because of the rapid growth of the league and looking for more post season opportunities for the league's better teams, the league also initiated affiliations with the USSSA, Sandlot, Simply The Best, AAABA, Dizzy Dean, Nations and for a short time, Babe Ruth, until a representative from the Babe Ruth national office advised the league (the largest league in the history of Babe Ruth Baseball) to never again send one of its strong teams to their post season tournaments.

Today the Southwest Ohio League has nearly 2,000 coaches serving between 8,500 to 9,000 8-18 year old youngsters playing on over 600 teams. The league is aligned into three competitively balanced divisions, the most competitively strong (National) division being the smallest of the three and consisting of teams that make a commitment to play a minimum 50 game schedule that included, along with a strong league commitment, participating in in-season quality tournaments and advancement to national post season play if they qualified.

CABA C.E.O Larry Redwine is the founder and serves as President of the Southwest Ohio League, while names familiar to the CABA family serve as the other officers for the league: Jerry Salyers as Vice President, Mike Montgomery as Treasurer and Mike Maundrell as General Counsel. The league also is served by age level coordinators and technical staff members Shawn Sowders, Ted Capossela, Todd Montgomery, Wes Girdler, Andy Teague, Jeff Gephart, Mark Grimm, Bill O'Conner, Joy Bachman, Matt Current, Shane Sowders, Tony Cappel, Brian Phelps, Tony Stewart, Jude Stepiniak and Ben Stepiniak; along with advisory board members Dino Costanzo, Bill Scott and John Silvani.

The Southwest Ohio League LLC is unique in this world of hired guns and tournament only teams. "We have been truly blessed by God that we have never had a year where we did not grow and we have had very little incidence of serious injury", states Redwine. Unique to amateur baseball and an ever-faithful partner to CABA, the Southwest Ohio League stands out as one of the shining stars in the CABA Family and is deservedly the 2014 Program Of The Year.

*"Our congratulations to The Southwest Ohio League on this Major Award,"
 The C.A.B.A. Executive Board.*

Travel Sports Baseball

We are excited to announce our Partnership with
Travel Sports Baseball

There are a lot of exciting things going on with TSB.
Including partnerships with Perfect Game,
Baseball Youth National Championships, Xtreme Diamond Sports,
Cowboys Championships at ATT stadium just to name a few.

After doing in depth research of youth baseball in the North Texas
we found there needed to be more options available.

A b o u t T r a v e l S p o r t s B a s e b a l l ...

Don Myers began organizing baseball tournaments in 2007 for USSSA Baseball. In 2009 he went out on his own with the Travel Sports Baseball brand. Travel Sports quickly grew to a regional host with teams traveling to play from 7 states the first year. In fall of 2009 Travel Sports Baseball partnered with the City of Grapevine, Texas to host events at their new \$18mil dollar facility. By 2010 Myers was hosting the Travel Sports World Series drawing 75 teams from 5 states. In 2011 the organization was more than Myers could handle on his own and he hired Domingo Castaneda as the CFO of Travel Sports. Don quickly recognized Castanedas impeccable work ethic and love for the game. So much so that in the fall of 2012 he offered Domingo a full share of the organization. Since then the Travel Sports team of Myers/Castaneda have hosted events for CABA, Travelball Select, Perfect Game and AABC. Their Travel Sports World Series has grown to "sold out" event with annual attendance from international teams. The team also host the World Cup Baseball Invitational with the support of multiple current MLB players and the Texas vs World tournament. Both events have a heavy international team attendance.

Outside of the addition of Castaneda to the team, the biggest influence turning TSB to success was our friendship with Ben Herrera. In the few years we have known Ben he has helped us grow into a National presence, exposing us to opportunities that have given us the confidence to tackle the big events. For this we will forever be indebted to him.

CABA Colorado was founded in 2011 with the goal of providing quality baseball in Colorado. Ever since we have grown by more than 40% each year. In 2014 we ran over 18 baseball tournaments encompassing over 60+ teams per event with our State event drawing over 180 teams.

CABA Colorado proudly partners with several local non-profit sports associations to raise funds for their programs. We have given back over \$270,000 in the short time we have been around. In that 270K we helped raise over \$28,000 for our Susan G. Komen "Bats for Cure". These monies provide help to programs that would not exist without fundraising opportunities such as tournaments.

We are a diverse team with over 40 years of combined tournament and volunteer experience coupled with a wide range of backgrounds. We all have one common goal, to provide exceptional baseball to our youth in Colorado.

CABA Colorado is proud to be a part of the **Continental Amateur Baseball Association** and is honored to make **CABA** the **Gold Standard in Colorado**.

Roger Tremaine† served as the Executive Director of the Continental Amateur Baseball Association (CABA) from May, 1984 - October of 2005. He attended the original organization meeting of the CABA in the fall of 1983 called by founder and first President Ron Golden and vice-president Scott Stewart.

Roger was the CABA Person of the Year in 1984. Other benchmarks and accomplishments include Roger serving as: a term as President of the All American Amateur Baseball Association; President of the Ohio Association of the American Amateur Baseball Congress;

IN HONOR OF ROGER TREMAINE

(1939 - 2005)

STARTING NINE

1997 American Amateur Baseball Congress Executive of the Year; Ohio, Michigan, Illinois and Indiana State Director of Dizzy Dean Baseball; Colt Regional Director for the West Region of the East Zone USA of Pony Baseball; Executive Director and founder of the Central Ohio Amateur Baseball Federation; 1980 Central Ohio Amateur Baseball Federation Person of the year. He did all that while further nurturing youths in his “real world” profession as Assistant Professor of Mathematics and Computer Science at Otterbein College.

During 1958 Roger began his association with Amateur Baseball working in the Cleveland Baseball Federation program. His association with the Cleveland organization led to the involvement with various National Baseball organizations. He served on several National and State Tournament Committees.

Roger’s innovative ideas of round robin tournaments, single age programs, low cost fees and an all volunteer staff have made the CABA into one of the most competitive baseball organizations in the World. Having teams participate from Hawaii, Guam, Puerto Rico, Brazil, Mexico, Canada, Korea, and Japan gave the CABA instant credibility.

Computers have always played a big part in Rogers life, his development of the CABA Statistical program and the CABA World Wide Web site was most assuredly one of his greatest interests.

Roger believed in being a member of all Amateur Baseball programs that do not limit registrations in other national programs so that more players would get the opportunity to play highly competitive tournament baseball. This type of thinking has structured many CABA rules to not interfere with meeting that objective. Roger was loved and recognized throughout the world, CABA and amateur baseball as a whole was very lucky to have a friend like Roger.

The CABA national board changed the name of the Most Valuable Player Award to “The Roger Tremaine Most Valuable Player” and The Person of The Year Award to “The Roger Tremaine Person of The Year Award”, in Roger’s honor. For many years, Roger was certainly our Most Valuable Player.
